Your mind is the biggest hurdle that you have to face when making plans, decisions, and commitments. You can come up with so many different scenarios and reasons to do or not do something and if you are not careful, you will make a decision based on untrue and wrong ideas. If you go to someone for advice, you need to make sure that you can trust them to give you the correct information. If you make the wrong decision and you continue on that path, then your mind will be open to more misleading ideas.

That is why your relationship with Jesus is so important! If you are in constant communication with Him through **prayer**, then His advice will keep you from making the wrong decisions and He will help you guard your mind from false ideas. He will also assure you that He is your Savior, that He loves you, and that you are a child of God.

Luk 11:1-4

Mat 26:41

Being **anxious** and worrying will keep our minds in constant turmoil. Jesus wants us to have a mind full of peace. If you would concentrate more on **thanking** Him for all that you have and spend more time in prayer, seeking His will, then you would be too busy to worry! Praying more would keep you from **temptations**, too. Jesus wants to give you everything you need - all you have to do is **ask**.

A Royal Soldier stays on guard by constant prayer, going to King Jesus for all their needs.
