We are to bring our neighbors into the Lord's city on His highway, not on our side roads which lead them astray. We also need to repair His highway and remove the big boulders that are in the way that we have put there. We sent out our children to do the work, but didn't teach them the way home, and now they are lost and can't see the light because it is night and darkness surrounds them. Sadly, the population of the Lord's city has dwindled, but there is still hope because He promises to fill it again - if we amend our ways.
