

Lesson 21: The King is Coming

Key Search Words - soldier, army, watch, king, come

I believe that it is imperative now that we go back to our 1st love, Jesus, and be in continual training in knowing who He is and how He wants us to love Him as God. We must understand His covenant and the mystery of His Kingdom, teaching it diligently to the next generation or they will be lost. I believe this is the foundation that we are lacking in the Church today. We have gotten spiritually out of balance and the scales are tipping. Training in love keeps the wife of Jesus balanced in her daily walk and "acts of marriage" (use of spiritual gifts, authority, service in the Kingdom, etc.). The Church needs to get back to the basics of knowing and loving God.

If Christians would pledge to be **Royal Soldiers** and discipline themselves in **Basic Love Training**, then they would be an army who would know and love their God and would "be strong and take action".

Dan 11:32 (GW)

King Jesus would clearly be seen in them and they would be strong and courageous by the power of the Holy Spirit. They would be beautiful, glorious, holy, and pure in the sight of their Husband, purposed to do His work on the Earth in these last days. They would be watchful soldiers, prepared for the return of their King!
